With Passion

AGENDA *with passion*

AGENDA with Passion is a Danish family brand founded in spring 2023 by Laila Bucka, who brings over 35 years of experience in the fashion industry. Her passion lies in creating clothing for all women – with a deep focus on details, comfort and individuality. Inspired by bohemian living, each piece features hand-drawn prints and carefully chosen materials, designed to feel relaxed, flowy, and empowering. From unique embroideries to signature print techniques, every design is made to adapt – dress it up, or down – and feel great in any setting. AGENDA is about freedom, confidence, and timeless expression.

- 
- A woman with long brown hair is standing on a dirt path in a forest. She is wearing a dark blue pullover with a large geometric pattern in brown and white, a light blue button-down shirt underneath, and a brown skirt with a subtle floral pattern. She is also wearing white socks and brown loafers. The background is a dense forest with many trees and fallen leaves on the ground.
