COPENHAGEN

SPRING-SUMMER 2026

Oi Soi Oi Made by hand, handle with care

Oi Soi Oi is a Danish company. We design and produce our own interior universe. Everything is handmade in Vietnam.

The name Oi Soi Oi is Vietnamese and means

"WOW!"

In our designs, we seek to combine the best of two worlds. The clean and simple Scandinavian style and the colorful and exotic Asian style. For us, it creates a unique and personal expression – our own universe.

We believe in decency, tradition, and responsibility

The company was founded in 2007 by Britt Goodall and Christina Thorbøll. Britt has lived in Vietnam for over 20 years. Here, she has built a team that is responsible for design and production. With local presence, Oi Soi Oi can ensure quality and proper production conditions.

We have a fundamental passion for beautiful craftsmanship, combined with a desire to make a difference and, most importantly, to treat other people and our world with respect.

We aim to leverage good craft traditions and uphold them to create beautiful things that tell a story. We do not intend to mass-produce but produce in smaller family businesses where we know those who work for us. Each product should reflect its uniqueness.

We are loyal to the workshops and have been working with most of them for many years. We are proud to have helped secure a better livelihood for "our" Vietnamese families.

We believe that we can help to make the world a better place by uniting cultures and minimizing prejudice
