Smokey Bergamot & Oud

SCENT

Top: bergamot, grapefruit

Heart: cedar oudh vetiver

Base: amber, leer

A fragrance that feels like stepping into still, sacred air. It opens bright, bergamot and grapefruit, crisp and luminous, before drawing you inward to its heart: cedar, oudh, vetiver and patchouli, woody and quietly mysterious. Then it settles into warmth, with amber and leather that linger close to the skin. Grounding, refined and a little mystical; a scent for those who find beauty in depth.

DESIGN

This collection we come to you with a brand new scent and a brand new print.

The design is made for those who enjoy the small moment in their day. We wanted to bring you something special. We designed a brand new Japan-inspired print and turned it into a calming, fun and unique design in our Fall/Winter MAIN-line. All together with the unique scent it forms a beautiful whole new collection.
